SENIOR FAMILY ALBUM

HIPPOCRATIC OATH

I do solemnly swear by that which I hold most sacred that I will be loyal to the Profession of Medicine and just and generous to its Members.

That I will lead my life and practice my Art in uprightness and honor.

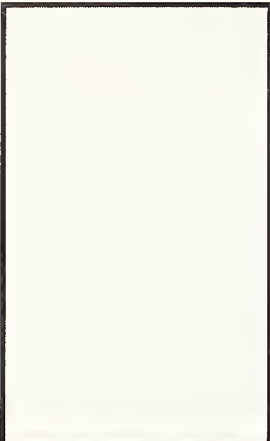

That into whatever house I will enter, it shall be for the good of the sick to the utmost of my power.

I, holding myself aloof from wrong, from corruption, from the tempting of others to vice, that I will exercise my Art solely for the cure of my patient and will give no drug, perform no operation for a criminal purpose, even if solicited, far less suggest it.

That whatsoever I shall see or hear of the lives of men which is not fitting to be spoken, I will keep inviolably secret.

These things do I promise. And in proportion as I am faithful to this, my oath, may happiness and good repute be ever mine. In the opposite if I shall be foresworn.

SOPHOMORES

And so it was at the dawn of the 2nd year

And O'Callaghan beat Micro
And organization reigned
And pages passed - A millinium and eight centuries worth
And the doors of learning were open with the "Keys of Repetition, Keys of Repetition"
And trials came in script form and oral

And Smith begat Pathology
And the Path was unclear to us
And we plotted it by cancer,
And with darts
And the final trials were heavy upon us

And the time was now Fourteen weeks
And the hours were many

And Dunn begat Pharmacology
And the prescription was for "Change"
And the polypharm made us delirious
And chats with our POPS made us wiser

And Hogan begat Neurology
And deficits were the day
And headaches were presented to us
And numbed us to the causes

And Robinson begat Psychiatry
And provided therapy
And revealed the insanity

And Davis begat perspectives
And tried to teach us awareness
And how to master our coping skills

And Hood begat Comp Care
And "Charted" us a new course
And Beulah got better!!

And Slay begat Medicine
And our body of knowledge gained breath and a pulse
And Toddlers with white coats and stethoscopes stumbled forth
And took a few tentative steps toward the world of patients' lives

And when all was said and done, we gazed upon the second year and said
"It is OVER!"
